

ΚΤΗΜΑ  
ΧΑΤΖΗΜΙΧΑΛΗ  
DOMAINE HATZIMICHALIS®

We at Domaine Hatzimichalis open our doors and welcome visitors in our facilities in Atalanti, Central Greece a place where wine meets culture and history. We are located just an hour and a half drive north of Athens and we challenge you to live a unique experience by following just a few steps.

***The ultimate experience***

**Step 1:** Take your car, your friends' vehicle, or the bus (ideal, if you want to take a nap...) and head to our winery in Atalanti. If coming from Athens, you will be taking the highway surrounded by beautiful mountains and lake Yliki. A short 1,5 hours' drive and you are there!

**Step 2:** Arrive in Domaine Hatzimichalis. Our host will welcome you and once you breath the fresh air and stretch, the tour begins!

**Step 3:** Tour of the winery, the vines, the cellars and our exhibits. Our tour guide will walk you through the production process and explain the unique techniques of wine making (well most of them...). Starting from the actual vines outdoor and then continuing to our tanks and of courses our prestigious wine cellars. The misty smell of wine and wood will probably conquer your senses.

**Step 4:** You will be tasting our fabulous wines by choosing among our wine tasting options depending on your desires. Our host, who is certified with the WSET Level 3 Diploma, will explain to you the aromatic and tasting profile of each wine you try as well as some basic wine and food pairing tips.

**Step 5: (Pre order required...)** What a wonderful and full day, time to have some local food! You will be provided with a menu prior your visit from which you can choose the dishes you would like to eat. Our restaurant is part of the winery, where you can always choose between indoor and outdoor dining. Our indoor restaurant, accommodates about 50 people, whereas our specially designed outdoor space can host up to 400 people.

\* A minimum of 10 people is required.

**Bonus Step:** “*Winemaker for a day*”. Yes! Exactly what you imagined. You will be introduced to the basic principles of wine blending as well as to the characteristics of several varieties and make your own blends! And guess what..! The blends will be tasted by our oenologist and the best will take a surprise gift. Duration 1 ½ hour  
Capacity per session: 8 - 24 people.

**(Optional Step):** If you are more adventurous and a nature lover, we have an additional option for you. We can show you around our mountainous vineyards of around 150-450 meters altitude. You will be amazed by the beautiful landscapes, the biodiversity and of course by our 220 hectares of vines. We will take you to the top of Mount Galanos where you will see our St. Vacchus chapel as well as a panoramic view of our vineyards and Mount Parnassus.
